SUMMARY

Full Stack Web Developer with 2+ years of experience building scalable, responsive web applications using Laravel, React, Next.js, and Shopify. Skilled in REST APIs, SEO, and mobile-first design. Delivered 30+ projects for clients across India, the US, and UAE. Proven team lead and mentor focused on quality and speed.

EDUCATION

IQRA B.C.A COLLEGE | 2022-2025

Bachelor of Computer Applications (BCA)

SGPA: 8.57 | Core: Web Dev, DBMS, Data Structures, Software Engineering, Internet Of Things

WORK EXPERIENCE

Xupyter Solutions. | 2023 - 2025 (1.8 YEARS)

Full Stack Web Developer

- Delivered 20+ international full-stack applications using Laravel, React, Next.js, and Shopify with mobile-first, SEO-optimized UIs and seamless third-party API integrations (Razorpay, Stripe, etc.).
- Engineered reusable component libraries and modern workflows, cutting development cycles by 30% and ensuring pixel-perfect client deliverables.
- Guided developers on Git, Docker, CI/CD, and code quality best practices, strengthening project scalability and maintainability.

Maduik Digital Agency. | 2025 (4 MONTHS)

Full Stack Web Developer

- Delivered 7+ international full-stack applications using React, Next.js, and the MERN stack, building mobile-first, SEO-optimized UIs with seamless third-party integrations including Razorpay and Stripe.
- Applied modern development practices with Git, Docker, and CI/CD pipelines, ensuring scalability, maintainability, and high code quality across projects.
- Gained expertise in Next.js 15.3+, cPanel deployments, AI integrations (chatbots & LLMs), and extended the MERN stack with modern, performance-oriented code.
- Collaborated effectively with cross-functional teams, with leveraging WordPress and WooCommerce for versatile projects.
